TANTALLON
BOUNEMOUTH

October 11 1889

It gives me very great
pleasure to testify to the very
high opinion I have formed of
Nurse Leavesly's *[sic]*, our late
Matron & Nurse at the
Bournemouth Cottage Hospital
and dispensary. She has
shown all the nessary *[sic]* qual-
ifications of a well skilled
Nurse, capable in every way,
and having been under my observation
for nearly three years
I can confidently recommend

her to any institution or
to any one requiring her
services. She is most kind,
painstaking and unselfish.

It was with sincere regret
I learnt she was not moving
with us to the larger Hospital.
