TANTALLON,
BOURNEMOUTH.

October. 11.1889

It gives me very great pleasure
to testify to the very high
opinion I have formed of
Nurse Leavesly, our late
matron and nurse at the
Bournemouth Cottage Hospital
and Dispensary – she has
shown all the necessary
qualifications of a well
skilled nurse, capable
in every way, and having
her under my observation
for nearly three years – I
can confidently recommend

[page ii]

To any Institution or
to anyone requiring her
services – she is most
kind, painstaking and
unselfish [*del: and*] It was
with [?] {*del: ?*} regret I
learnt she was not moving
with us to the larger
Hospital
