Dear Col. [abbr: Colonel] Lefroy

Could you spare time
for one moment to tell
me what you know of
this Gibraltar Reading
Room & whether you
think it is a thing
likely to do good?

[Perhaps you will
be kind enough to
return me the printed
paper]

- 2. what you would

[page ii]

advise one to do to
help it. whether [unclear: &]
if so what books you
would recommend to
be given it. whether
& if so what games
[unclear: or] Magic Lanterns?

The Garrison is, I
believe, 5000 strong (?)
The Gov^t [abbr: Government] ought to build
them a Reading Room.

- 3. Have they any
athletic Games? or
place to play them in?

[page iii]

The Gov^t [abbr: Government] does get on
so very slow with Day-
rooms at home. I
should like before I die

to help on something
more of this kind
abroad.

I wish you were still
Inspector of Army Schools.

Believe me
yours sincerely

F. Nightingale
