ROYAL VICTORIA HOSPITAL,
BOURNEMOUTH.

Sept^r [abbr: September] 1st 1889

Nurse [del: ?] Leavesley has held the post of matron & nurse to the Bournemouth Cottage Hospital for 2½ years, and the Committee most gladly testify to her excellent qualifications and valuable services. She has given the utmost satisfaction both to the medical staff and

to the Committee, and has not only done her duty most thoroughly to the patients, but has also proved a very excellent housekeeper.

The Committee much regret that owing to a change of management, the new Hospital at Bournemouth will not retain Nurse [del: ?] Leavesley's services. They are sure that she will give unqualified satisfaction to

any Institution that may be so fortunate as to secure [del: ?] [del: ?] her aid, and they wish her sincerely every prosperity and happiness.
